Professional Summary

As a recent MCA Postgraduate with distinction, I am eager to begin my career in the IT industry and utilize the skills and knowledge I have gained through my studies. I am seeking a challenging and dynamic role where I can contribute to the development of innovative solutions and continuously learn and grow as a professional. I am interested in opportunities that involve Java programming, web development where I can apply my technical expertise and creativity to work and solve complex problems and improve user experience. I have sound knowledge of programming languages like Java programming, SQL, HTML, CSS, and Python etc. I have completed my NPTEL certification in Java Programming.
