- Servers   : **Apache Tomcat**
- Framework   : **Spring ,Hibernate** (Beginner)
- Knowledge of **Design Pattern.**
- Knowledge of **Apache Maven.**

ACADEMIC PROFILE:

EDUCATION	NAME OF INSTITUTION	BOARD/ UNIVERSITY	YEAR OF PASSING	AGGREGATE (%)
B.E. (Electronic)	M.I.E.T. GONDIA	Nagapur University	2016	56.94
H.S.C.	Barashiv Hanuman Jr. Collage, Barashiv	Aurangabad Board	2009	72.67
S.S.C	Niwasi High school Barashiv	Aurangabad Board	2006	67.60

PROJECTS:

- **Project: Online Employee Management(Mini Project)**
- **Environment:** Java, servlet, Jsp, Spring, Jdbc, Oracle Database
- **Description:** It is web-based application for Employee Management. It provides service with the capability to manage the employee's information teamed under manager. It can delete update/insert, search the employee's information.
- **Developer work:** Used **Eclipse IDE** to develop the different J2EE component and **Maven** used for build java project. Also spring 3.x as MVC framework for design complete web tire and get MODEL AND VIEW using **SimpleFormController** controller. Developed POJO class, DAO, Commend and Service Classes. For database, **Oracle** 11g as backend database used and wrote SQL Query to interact with database through DAO's. Implemented DAO pattern for accessing Oracle Database using connection pool apache **commons-dbcp2**. Spring bean and all configurations done in XML file. For validation, validate the input data using **spring Validation**. And view as presentation tire which is show in browser developed **JSP** by using **Apache Tomcat** server.
- And Other Project on GitHub   **https://github.com/nitin8855/nit .**

DECLARATION:

I hereby declare that the above information is true to the best of my knowledge.

Place: **Yours Sincerely,**
