

Swapnali Sachin Autagi

Mob. No. +91-9730756550

Email: patilswapnali2110@gmail.com

CAREER OBJECTIVE :-

- Work for a company that recognizes your skill as a **Electronic Engineer**
- To obtain a challenging & responsible position in the area of Electronic engineer where **my knowledge, ability & dedication** will be utilized.

EXPRIENCE

- Working with EarthLink Broadband Pvt. Ltd as a Computer Operator from Sept 2024 to till date.
- 3 Month training completed in Software and Automation testing.
- C++ course completed in Prima technical institute.

PROFILE SUMMARY

- Developed advanced communication systems by design designing and testing circuit boards, ensuring Efficient transmission and reception of signals.
- **Designing , inspecting ,testing and updating electronic systems ,components ,equipment and software.**
- Basic Knowledge of **DC motor.**
- Developing effective **maintenance , testing and quality control procedures.**
- Testing and troubleshooting electrical circuits and equipment
- Analyzing interpreting and documenting technical data and specifications.
- Planning and supervising the installation , maintenance and repair of electronic systems.
- Providing Technical support and guidance to customers and client.

- Basic Knowledge of **MATLAB , Java.**
- Excellent Knowledge in **MS-Office (Word, Excel, PowerPoint) .**

TECHNICAL SKILLS SET

- **Functional Tool** : Eclip ,MATLAB
- **Test Database tool** : MS SQL
- **Operating systems** : MS Windows family
- **Languages** : C, Basics of JAVA
- **Basic knowledge of** : Microprocessor of 8085,8066 ,embedded system

EDUCATION

EXAM	YEAR	BOARD/UNIVERSITY	PERCENTAGE
S.S.C.	2009-10	Pune Board	79.09%
DIP.IN ENTC	2013-14	MSBTE	70%
B.E.ENTC	2016-17	Solapur University	67%

PROJECTS HANDLED:

Project Title : RFID based on student attendance system .

- In this project , we uses RFID Technology. RFID stands for Radio Frequency Identification. RFID is uses to automatically identify and track tags attached to objects .RFID consists of tag , a radio receiver and a transmitter.
- A RFID –based attendance system uses of RFID technology to make student’s attendance before every lecture. The students use RFID to make their presence on the RFID reader. The data stored in the attendance system.
- Managing the daily attendance is quite difficult task for teachers. To overcome this problem we uses RFID attendance system .RFID attendance system can used to track and monitor student’s attendance.

PERSONAL DETAILS:

- **Name** : Swapnali Sachin Autagi
- **Sex & DOB** : Female & 16th August 1994
- **Alternate E-mail ID** : patilswapnali2110@gmail.com
- **Permanent Address** : Flat No.B-707 Anjani Gaatha Apt , Patil Nagar Chikhali ,Pune-411062
- **Language known** : English, Hindi, Marathi
- **Marital Status** : Married

DECLARATION:

I hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned particulars.
