- **Other Skills:** Data Cleaning & Preparation, Statistical Analysis, API Testing (Postman), Dashboard Reporting

Professional Experience

Customer Support service Internship

Maha-e-seva kendra March 2024

- At Maha E Seva Kendra, I handle various government-related services and maintain accurate records using MS Excel.
- My work includes entering and updating register data, tracking pending and completed payments and documents.
- I assist customers with form filling, uploading documents, printing, scanning, and managing online applications such as PAN card, Aadhar updates, and other citizen services.

Web development Internship

Congnifyz technologies March 2024

- Designed and implemented a responsive user interface using **React** and styled components with **Bootstrap**.
- Developed a backend using **Node.js** and **Express.js**, integrating secure authentication and RESTful API services.
- Focused on **database design and integration** using **MongoDB**, including creating schemas, managing collections, and optimizing queries for efficient data retrieval.
- Implemented CRUD operations and ensured seamless communication between the frontend and the database.

Strength

- Fast learner and good at adapting to new tools
- Ability to manage and organize data efficiently

Projects

- Sales Report in Excel
- Sales Reporting Project using Power BI

Certification

- Advance Excel Certification
- SQL Certification
- Mern stack certification
- Relational and Non relation database Certification

Languages

- English | Hindi | Marathi
