Hindi

SKILLS:
SOFTWARE:
Auto-CAD (Electrical),
MATLAB
PCB Designing
Protius Kil Multisim.

HOBBIES:
Kho-Kho
Cricket
Pc Games
Interacting With People.

RESPONSIBILITIES :

- I am here working as an Site Engineer at S.E.R.S.T.S. This is private contractor organization working on railways signal & telecommunication work.
- I am working now on Railway Doubling Project between SUR-GR.
- I have manage works like Trenching root plan, Cable Coreage plan, Cable laying, Refilling, Measurements of cables as well as depth of trench, AutoCAD designing, Preparing daily work record, Store record etc.
- I have worked on different types of foundation and erection for locations as well as signals like half location foundation, full location foundation, Signal foundation.
- I have knowledge for jointing cables of railways like 6 core, 12 core, 6 Quad.
- I have experience of handling megger and cable locator, Multimeter.
- Preparing daily reports & reporting to management & head of engineering department

ACADEMIC PROJECT:

1.DIPLOMA Thesis: Automatic Railway Crossing Gate Control

Objective: The objective of our project is used automatic railway crossing gate control by using an magnetic RITZ switch for better and easy of work, which provides more safety for humans.

2. B.E. Thesis: Auto Street Light Control

Objective: The objective of our project is used automatic street light control by using LDR (light dependant resistor). Its working is depends on black shadow or black light the light should be on automatically at light and off at day.

3. B.E. Thesis: Smart Solar Home Automation With Notification Display

Objective: The objective of our project is used automatic control of home appliances like speed of fan, washroom light, parking light, touch switch board, bathroom light, fixed usb charging socket, Smoke and gas sensor etc. the whole power can consumed from solar energy so lots of energy saving by using automation.
