Graduation	B.E. (Electronics & Telecomm. Engineering)	MGM'S JNEC college of eng. Aurangabad	Dr.Bamu, University	2018	77.60(Dist.)

Project Work:-

B.E. Project : Automatic Bus Ticketing System Using RFID card:

Automatic Fare Collection System implemented by RFID /Smart card . RFID card is given to the passenger and when passenger gets into the bus he has to swipe the card in the RFID reader and he has to a destination point in the device will automatically calculates the fare and deduct the money automatically. By Using GSM System Message Was Send to the passengers Mobile.

Diploma Project : Automatic Plant Irrigation System :

In this system, we will use soil sensor to measure the moisture or water level in soil. We have to arrange one soil sensor in our farm or garden, these sensors always sense the soil is waited or dry in the farm. The soil is dry then water pump is on and water is sufficient then water pump will be off. Also we use the light sensor and temperature sensor.

Industrial Experience: -

Successfully done the Internship at BLUE STAR ENGINEERING Worked on Plastic Defects Cause and remedies.

Paper Presented/ Published:-
